

## *Professional Women's Leadership Network*

The focus of this group is on helping women who may or may not already be involved in WMU to discover their God-given gifts and use them in missions and ministry.

This group includes professional women such as attorneys/judges, physicians, professors/deans, corporate executives, business owners, educator executives, etc.

In other words, Christian women who are very busy, but want to discover how they can use their gifts and skills in missions and ministry.

If your profession places you in one of the categories mentioned above, please send your name and contact information to the WMU office at [jhigh@wmunc.org](mailto:jhigh@wmunc.org) and you will begin receiving updates and information.
