December 2020 report -

BONJOU!.... We thank you for your prayers & support for the Haitian people through HHCM. Its been a tough year for many around the world including the Haitians. Praise that COVID was not as bad as predicted in Haiti however prices have gone up and the worth of the USD has dropped making it more difficulty to buy food, pay for school and buy materials this year.

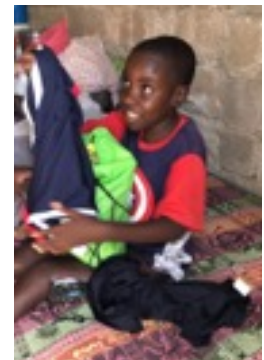

We praise the Lord that the children started back school the first week of September and have been able to continue.

We were so thankful to have the opportunity to send a small

team to Haiti in November! We were blessed to watch God work through them as they helped touch many lives. In one week they lead 150 children at kids ministry,

gave out food to an orphanage, blessed families with the gift of chickens, goats & food, and continued construction at the ministry house. The team was able to check

on Kenelson who had leg straightening surgery in Sept. They were able to deliver him needed wound care supplies, food, clothing & some gifts. The team was able to visit Laurette (former voodoo priestess who was saved at last years mobile clinic). She was the recipient of the ministry's business loan this year and has started to sell shoes at market. It was a joy to see the smile and hope she now has! The local pastor has been meeting with her for bible study and checking on her. The whole week the team

had many personal encounters with people whom God has touched. A former local voodoo priest (the ministry had talked to on a past missions trip) heard that Williamson & a team was in the area. He had moved far away but made sure to come speak to Williamson. He told him I want to thank God & the ministry for giving me money for medical care or I would have died. We praise the Lord for his work in these families lives!! The team was able to use visits to share the gospel and pray with people. They shared Christ's love for them. Seeds were planted and we pray these seeds will grow in personal relationships with Christ as savior!

We will remember Dalison , age 11 who passed this year. He will be greatly missed, we will remember his smiles & hugs. The team was able to be with Dalisons family after he passed to help his mother with medical care and pray for her and give them food.

We look forward to what God has for the ministry in 2021. The

Lord has placed on our hearts to minister in another village in Cabaret. We are praying for Gods continued provisions for the Pastor as he will lead a Wednesday evening bible study & once a month kids ministry. Just yesterday they held a medical mobile clinic in Cabaret to provide free care and free medicines for

Higher Hope Connect Ministries

130 people. This provides jobs for the Haitians and the opportunity to pray with each person who comes. This area needs a school so we continue to pray about Gods leading.

We pray through a year of changes with COVID that God will continue to bring people to himself that He maybe known! We thank you as all of these blessings would not have been possible without your support. Your support paved the way for bible study, provided jobs, materials for construction/ministry, for food, for medicine/medical care & more in order for Gods love & salvation to be shared. You are making a difference in their lives, and your gift mattered to them and their families. Please continue to keep the families in your prayers as they struggle to provide & care for their family's basic needs. Prayers for the country's leadership and for the nation to know God and make Him known (Fe Konnen Jezi).

THANK YOU! MESI!

“The Lord is my strength and my shield; my heart trusts in Him, and he helps me. My heart leaps for joy, and with my song I praise Him.” Psalm 28:7

We thank you for your ongoing prayers and support for HHCM!

God Bless You! (Bondye Beni Ou!)
