Despite enormous risks to themselves and their families, former Muslim women are now influencing their husbands & children and bringing others to faith in Jesus Christ, even though the oppression they face under Islam is unfathomable. **Women Who Risk** takes readers into Muslim homes in Saudi Arabia, Syria, Iran, and other spots to see the power of Christ at work.

APRIL-JULY 2023

Depression & suicide cases are rising at an alarming rate, and for Christians, there is a stigma around mental illness & health. Julie Busler invites us into her own journey where a mental breakdown took her from being a missionary to a suicidal patient in a Turkish psychiatric hospital. Julie shows us how to find help & hope and illustrates that even in the sorrow of mental illness, joy can coexist. Julie will be our speaker for ME this year.
